Forecast for Monday 09 Nov 2020

Weather: Some sunshine around in the morning though still some low cloud persisting in parts of the Ochils and Perthshire Hills, at least at low to medium heights. Cloud then increasing with some patchy rain or showers, but the Aberdeenshire Hills look like staying dry with some sunshine. Even here there will be an increase of low cloud and hill fog in the evening.

Chance of cloud free mountain/hill tops above 800m: 70% in the north and 30% in the south, with all areas seeing low chances in the evening.

Visibility: Mainly good in the north in the morning away from the cloud but falling moderate, perhaps occasionally poor in the duller damper weather this mainly in the south.
